

ICTS Group – Bodywork & Spray Paint Specialist

Job description:

To strengthen the workshop team in Uithoorn, ICTS is looking for a skilled Bodywork & Spray Paint Specialist. In this combined role, you will be responsible for both structural body repairs and high-quality finishing of trailers, semi-trailers, and trucks.

This position is ideal for someone who enjoys working hands-on, takes pride in craftsmanship, and wants to grow within a professional and growing service organisation.

Your role:

- Preparing trailers and parts for painting (sanding, filling, masking).
- Mixing and applying paints and coating using a spray gun.
- Removing dents, sanding, welding, and preparing damaged parts.
- Assembling and disassembling body components.
- Inspecting and adjusting doors, hatches, and locking mechanisms.
- Collaborating closely with colleagues to ensure a perfect final result.
- Performing bodywork repairs on trailers, semi-trailers, and trucks.
- Repairing and replacing panels, sidewalls, and roof structures.

Your profile:

- Experience as a bodywork specialist and/or spray painter, preferably with trailers and commercial vehicles.
- Knowledge of sheet metal work, welding, and painting techniques.
- Familiarity with different paint types and spraying methods.
- Technical insight and strong attention to detail.
- Independent working attitude combined with team spirit.
- Quality-oriented and safety-conscious mindset.

What we offer:

- An attractive salary based on your motivation and experience.
- On-the-job training to further develop your technical skills.
- A stable position within a growing and professional organisation.
- Real career growth opportunities.
