

ICTS Group – Field service technician bpost

Job description

We keep your career on the road!

You will work around Ghent, equipped with a service van and all necessary tools. You will carry out repairs and maintenance to trailer equipment on the docks. If necessary you will get an extensive training in the workshop to acquire all knowledge about trailer maintenance and repair.

You are representing the company on terminal and you are able to work independently. At any time you can count on the support of your colleagues and supervisor when needed. Your job includes amongst others: perform maintenance service on the docks, smaller repairs such as curtain repairs, replace maintenance parts when necessary. You are able to communicate internally and with third parties according to ongoing repairs. Knowledge of Dutch and/or English is required.

Together, we keep the customer's business on the road!

Offer and benefits

- A job with a lot of autonomy and variety in a growing organisation
- Permanent contract without interim period
- Attractive salary depending on your experience and motivation
- Commuting expenses
- Attractive primary and secondary labour conditions
- Attractive pension accrual
- A lot of career opportunities + internal and external courses
- Enjoyable atmosphere

Location

[John F. Kennedylaan Haven 3880 A, 9042 Gent](#)
